Photos, Signs & Banners

Specializing in Car Show Display Boards Signs and Banners

About Us

After retirement I took up photography, well, I call it "Advanced Snapshots", having some fun working with photos, signs and banners.

Teams, car owners, and individuals.....
I've traveled for 25 years around car shows and sporting events and taken thousands of photos.

Some of the photos have been published in the local newspaper and club magazines along with being used on various websites.

Of course it doesn't end there. I also create and maintain websites for several sports teams, a church and regional car club.

It's all fun and that's what we all enjoy - and the photos keep the memories alive.

Drop me a note about any of our products or ideas anytime.

Charlie Smith

Custom Car Show Display Sign
